

Despite the ominous thunderstorms on Friday night and icy cold winds on Sunday morning, the Blue Lake Discovery Weekend occurred on 4 & 5 April 2009. It just seemed to get clearer and clearer the further we went up the hill. All in all 10 CCA Members attended plus, Ryan (our international guest from California in the USA) and Ken Luck (born and bred Canberra Trad Climber, now living in The Blueys).

The climbs looked very enticing as they bathed in warm sunlight. We couldn't get racked up quick enough and it wasn't long before many of the old classics of Blue Lake were being ascended.

Cat In A Corner 20

So much rock and so many natural lines, many yet to be done!

Plenty of fine wine, food and stories were enjoyed on Saturday night.
